THE UNIVERSITY OF ARIZONA
University Libraries

Welcome back, Wildcats! Tour our spaces and services.

Maybe it's been a while since you've been in the libraries—maybe you've never visited us at all.

To celebrate the first week of classes and coming back to campus, enjoy a quick tour of the Main Library and the Albert B. Weaver Science-Engineering Library with **America Curl**, a former student employee at the library and a recent grad.

Library renovations were completed in 2020 as part of the [Student Success District](#). Changes included redesigning our entrances and lobbies, relocating our staffed service desks for accessibility, and reimagining different floors for different types of research, learning, and collaboration.

With more study spaces inside and outside the library than ever before, we're happy to see how much they're being used this week!

Whether you visit us in person or online, we're here for you. [Learn more.](#)
