

2019 Willock Library Research Award Essay Rubric

Name:

Poster title:

Research area*:

Exploring the information resources that the library provides and identifying those quality resources that are relevant to your research question is a critical element of scholarly inquiry. The Willock Library Research Award is meant to recognize scholarly work based on a foundation of careful background research and literature review. The award is given to individuals who demonstrate excellence in information literacy, based on the following criteria:

Essay Criteria <i>Essay must be 300-500 words to be judged</i>	Score 0-3 3 highest, 0 lowest
Student describes the library resources (i.e. librarians, databases, books, primary sources, tutorials, journals, technology, spaces) they used, and how they used them.	0 1 2 3
Student demonstrates depth and/or broadness in their use of library resources and collections, including, but not limited to, printed resources, databases, primary resources, and materials in all media	0 1 2 3
Student demonstrates their ability to identify, locate, select, evaluate, and synthesize library resources and to use them in the creation of a project in any medium that shows originality and/or has the potential to lead to original research in the future.	0 1 2 3
Student describes what they learned about the research process and using library resources.	0 1 2 3
